COMPETENCIES

- Teamwork
- Leadership
- Problem Solving
- Flexibility
- Analytical Thinking
- Punctuality
- Organization

VINUJI PALIHAKKARA

BSC (HONS) IN INFORMATION TECHNOLOGY SPECIALIZING IN SOFTWARE ENGINEERING (UNDERGRADUATE AT SLIIT)

EDUCATION

Bsc(Hons) in Information Technology Specializing in Software Engineering - Sri Lanka Institute of Information Technology (2025-Ongoing)

Cumulative GPA - 3.2

Viharamahadevi Balika Vidyalaya, Kiribathgoda - (2008-2021)

GCE A/L Examination - 2021

Combined Mathematics - C

Information and Communication Technology - A

Physics - S

General English - A

GCE O/L Examination - 2018

9A's including ICT

SKILLS

- **Programming Languages** : Proficient in C, C++ ,Java, Python, JavaScript, HTML, CSS, PHP, Kotlin , React Native
- **Databases and Web Servers** : MySQL, SQLite, Firebase , Apache Tomcat ,Oracle
- **Technical Expertise** : Competent in database management, data structures, object-oriented programming(OOP), networking, computer architecture, software engineering processes, and the MERN stack(MongoDB, Express.js, React, Node.js).
- **Design Tools** : Experienced with Figma for mobile app Ui design, and draw.io for creating diagrams and flowcharts.
- **Productivity Tools** : Proficient in Microsoft Office Suite(Word, Excel, PowerPoint, Outlook) for document writing, data analysis, presentations, and email management.
- **Version Control System** : GitHub
- **IDEs** : Visual Studio Code, Eclipse
- **Mobile App Development** : Android Studio

CERTIFICATIONS

- Certificate in Total Immersion in English Programme - Oxford Collage of Business, Colombo
- Certifications from Prize Giving's in School - Viharamahadevi Balika Vidyalaya, Kiribathgoda
- Certifications for Chess

PROJECT

- InsightEye App** **2024**
Developed a mobile application using React Native, Firebase, and various APIs to enhance learning for visually impaired students. Key features include object detection, science learning, maths learning, and scheduling tools. Implemented STT and TTS for voice commands and Sinhala-language support to improve accessibility and learning efficiency.
- 360care Healthcare App** **2024**
Developed a healthcare mobile app using React Native and Firebase, featuring tips handling, sleep tracking, doctor consultation, and diet planning. Integrated Firestore for data handling and implemented reporting features to enhance healthcare resource planning and patient care.
- MediLab Web Application** **2024**
Smart Healthcare System for Urban Hospitals
Developed a web application using the MERN stack for urban hospitals, featuring patient record management, appointment scheduling, payment processing, and data analysis with reporting tools to optimize hospital operations and decision-making.
- Tech Hostel** **2024**
Dynamic Web Application for Hostel Management System
Developed an Online System to automate hostel management using the MERN stack featuring student management, security management, payment management, food and facility management and health management.
- OSMS** **2023**
Online Staff Management System
Created an online platform for staff management including tasklist management, user management, salary management and announcement management using JDBC, JSP, CSS, Java, JavaScript, HTML, OOP, and Tomcat Server.
- DreamHome** **2023**
Online Apartment Sales System
Developed an online apartment sales system to facilitate the buying and selling of apartments through the internet using HTML, CSS, PHP and JavaScript.

EXTRACURRICULAR ACTIVITIES

- Junior Prefect at Viharamahadevi Balika Vidyalaya, Kiribathgoda
- Member of ICT society at Viharamahadevi Balika Vidyalaya, Kiribathgoda
- Member of Science society at Viharamahadevi Balika Vidyalaya, Kiribathgoda
- Sports & Games:
 - Chess
 - Badminton
